5.- Accommodation y catering

All meals will be served as a buffet with a variety of meat and fish, accompanied by rice, potatoes or pasta and various vegetables and salads. Menus will be different on a daily basis and will be designed around healthy foods in general.

Every effort will be made to accommodate the needs for vegetarian meals and other special types of food. Teams are kindly requested to inform us of these details in order to provide a proper catering service.

Inside the campus there is a restaurant for the competitors and representatives of the university teams with separate spaces where meals can be organized for special guests.

6. Opening and Closing Ceremonies

The opening ceremony will be at the San Ignacio de Loyola University on Thursday, July 21, 2022.

The closing ceremony will take place just after the delivery of the Final Medal, on Sunday, July 24, at the competition facilities.

7. Medical Services

In accordance with the medical assistance required by FISU America, permanent assistance will be provided to all participants in the event, with the presence of full-time doctors and physiotherapists.

Due to the fact that Universidad San Ignacio de Loyola has a Faculty of Health Sciences with qualified and experienced staff, an agreement will be established through close cooperation to ensure good medical and first aid assistance during the event.

10. Security

Following the Peruvian law of public spectacles in which sporting events are included, the safety of the participants and spectators is guaranteed. A security plan will be implemented in coordination with the Municipality of Pachacamac and Lima.

All this will be carried out through the coordination of the different security agencies.

This security plan will start before the arrival of the participants and will cover their arrival, accommodation and sports facilities, transport and the opening and closing ceremonies.

All the spaces of the championship, both where the competitions take place and the reference hotels will have private security.
